

MAY RESCIND ORDER FOR DOG MUZZLING

Commissioner Rudolph to
Take Matter Up With
Board.

RECEIVES AN APPEAL SENT THE PRESIDENT

Owners of Dogs Protest Against
Decree Demanding Muzzles
Be Used.

With the beginning of cold weather, Commissioner Rudolph will bring up for the consideration of the board, the revocation of the order of the Commissioners of August 11, providing for the muzzling of the dogs for a period of one year.

The dog-muzzling order went into effect during the absence from the city of Commissioners Rudolph and Judson, and was adopted by Commissioner Johnston and Capt. E. M. Markham, Acting Engineer Commissioner, upon the recommendation of Health Officer Woodward.

Immediately a storm of protest went up from dog owners, which culminated in a petition forwarded to the President and sent to him by the Commissioners. The papers contain no endorsement from President Taft, and there is no indication of his wishes in the matter.

Rudolph Not In Sympathy.
Commissioner Rudolph, however, is not in thorough sympathy with the muzzle order, and it is upon his responsibility that the question will be revived.

"Speaking as a layman, I can not see the necessity of muzzling dogs in cold weather," said the Commissioner today.

"Half of the time the animals are without muzzles anyway, as they are removed by the owners after nightfall, when there is no longer danger of a visit from the poundmaster. The dogs present a pitiful appearance with the muzzles, and I am not in favor of a continuance of the order for a period of a year, if it can be avoided. The order was adopted while I was out of the city, and therefore did not receive my sanction. I am willing to listen to any arguments that may be presented by the Health Department or the Bureau of Animal Industry against the revocation of the order, but I think the subject should be investigated."

Petition To the President.
The following petition was addressed to the President of the United States, in view of his recognized humanitarianism.

"Whereas there has recently been enacted by the Commissioners of the District of Columbia an order requiring all dogs, running at large in the District, to wear muzzles, said order to become effective August 11, 1910, and to remain in force for a period of one year.

"In view of the many vigorous incontrovertible objections to the enforcement of the said order, coming from authoritative sources as being both cruel and unnecessary, we the undersigned, do hereby protest against its enforcement, and respectfully petition and urge upon President Taft, in exercise of his prerogative as Chief Magistrate, and for the highest interests of the community at large, and the protection of animals from unnecessary cruelty and torture, to annul said order, at least until all the facts can be carefully investigated and the necessity thereof fully shown."

Hundreds of Signers.
The petition is signed by several hundred owners.

Health Officer Woodward declined today to make any comment on Commissioner Rudolph's attitude in relation to the muzzling order, on the ground that the question has not been referred to him officially. It is known, however, that he is strongly opposed to the revocation of the order.

PLANS TO WRITE BOOK ABOUT SON

Laura Nelson Hall Aims
Some Striking Epigrams
At Mothers.

When Laura Nelson Hall, the leading woman with "New York" Huribut's melodrama, which opens at the Columbia on October 3, arrives in Washington, she will be as occupied with her literary activities as with her stage duties.

While here Miss Hall will have a conference with her publishers, a firm of national importance, which will give Miss Hall's first book to the American public. This book is called "The Boy Whom I Love."

Miss Hall has completed eight chapters. Contrary to the suggestion of the title, Miss Hall is said to have written not a love story of a mature, dotting sentimentalist, but a tale that will appeal to every mother of America.

"The Boy Whom I Love" is Miss Hall's son, Willie Hallman, who is a strapping youth of seventeen. The distinguished actress has woven an absorbing tale of boyhood amid the threads of her philosophy.

The son of the actress was born when she was sixteen years old, and throughout her courageous career this lad has never left her side.

Here are examples of Miss Hall's maternal logic:

"A boy's first passion inclines toward friendship. Why should not a parent accept the position of loyal and sympathetic friend?"

"My boy realizes that physical beauty is an agent for deceit, and that its worship entails tortures unspeakable."

"I have applauded the brain of my son. I have praised his intellect, because I know that intelligent vanity will save a sinking ship."

"Lying is less excusable than murder, because one murders usually only once, but one may lie a million times."

"An American father is apt to desire that his son imitate his faults. A mother tells so that her boy fulfills her ideals."

ASTRONOMER RETIRES.

LONDON, Oct. 1.—Sir William Christie today retired from the position of astronomer royal, which he has filled for the past twenty years. He is succeeded by Frank Watson Dyson, astronomer royal for Scotland.

CITIZENS TO MEET.

The North Washington Citizens' Association will inaugurate the season of 1910-11 on October 3 with a meeting at Parish Hall, Church of the Advent. Election of officers will be held at this meeting.

JOHN S. FARRELL CLAIMED BY DEATH

Northeast Business Man, Official in Retail Grocers' Association, Succumbs.

John S. Farrell, a well-known grocer of northeast Washington, a member of the Chamber of Commerce and a prominent officer of the Retail Grocers' Protective Association, died this morning at his residence, 400 Second street northeast, after an illness of about one month.

Funeral arrangements have not yet been completed, but it is probable that the services will be held Monday morning at St. Aloysius Catholic Church. Burial will be in Mt. Olivet Cemetery.

Mr. Farrell had been at Saranac Lake, N. Y., for several weeks on account of his health and only returned to this city last Wednesday. The trip failed to benefit him, and his condition became steadily worse, resulting in his death this morning.

Mr. Farrell was a native and a life long resident of this city. He was educated in the District public schools, and at the age of seventeen entered his father's store. Upon the death of his father he came into the possession of the business, continuing in it until his death.

Mr. Farrell was forty-two years old and unmarried. He leaves a mother and seven brothers.

PUTS AN END TO INDIGESTION AND A SOUR, GASSY, UPSET STOMACH.

Take a little Diapiesin now and your Stomach will feel fine five minutes later.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapiesin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn, and other distress go in five minutes and relieves at once such miseries as Belching of Gas, Eructations of sour

undigested food, Nausea, Headaches, Dizziness, Constipation, and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common everyday cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefies in the digestive tract and intestines, and, besides, poisons the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach is waiting for you as soon as you decide to try Pape's Diapiesin.
